Commentaires et SOS:

... Franchement ce qui se passe au Rwanda mérite d'être crié plus fort pour faire capituler les responsables.

Le décret (...) accorde au Président Paul Kagame des indemnités de fonction de 3 890 282 Frw par mois ,des frais d'intendances de 6 500 000 frw, véhicules de fonctions, etc...La liste est longue , elle est affligeante!

Ce même décret accorde aux ministres des avantages scandaleux dans un pays où la population meurt de faim... programmée ! Comme l'a dit un internaute, ce gouvernement n'est pas inconscient, il suit la ligne d'une politique délibérée d'extermination d'une partie de la population par la faim et les maladies.

Ainsi personne ne serait responsable de cette situation, c'est la fatalité !!

Sous d'autres cieux, ces dignitaires indignes se serraient la ceinture pour sortir de la crise. Mais hélas non, chacun construit sa piscine, ils envoient leurs enfants dans des écoles occidentales, ils ouvrent des comptes dans des banques étrangères qui sont alimentées par l'argent du peuple, ça joue au Golf à Nyarutarama pour faire British, ça achète des appartements à United Kingdom, USA and Belgium. On ne parle que de cela autours des cartons de champagne offerts après un tournoi de golf ou de tennis. Chaque mois il y a un nouveau millionnaire dans le rang des dignitaires, chaque jour il y a des morts par manque de nourriture ou de soins de santé élémentaires !

Pour ne parler que de la catégorie la plus vulnérables, les enfants, il en meurt par centaine chaque jour, d'autres sont chassés des écoles par manque de frais de scolarité, les maladies liées à l'hygiène font leur apparition, le nombre de mendiants augmentent au rythme de l'enrichissement des dignitaires du régime.

Ce gouvernement gouverne quoi ?

La faim est programmée pour exterminer la population rurale majoritairement hutu. Malheureusement les tutsi ne sont pas épargnés pour autant. Le FPR s'en moque car les tutsi du milieu rural ont pactisé avec le régime hutu, ils payent de leurs vies depuis 1994. Le FPR tue à petit feu les paysans à savoir les hutu majoritaires et assimilés(les tutsi de l'intérieur)

C'est ainsi que les ONG humanitaires qui intervenaient dans ce milieu rural ont été interdits d'exercer. Le Gouvernement préfère travailler avec les institutions bureaucratiques sur lesquelles ils gardent la main mise comme la Banque Mondiale.

Qualifions cette attitude de crime contre l'humanité ;

Lorsque Saddam a gazé les Kurdes il a opté pour une méthode brutale et expéditive.

Actuellement Kagame affame la population rurale, c'est une approche fine, sûre, mais le résultat est le même: l'extermination d'une catégorie de la population qui pourrait être un obstacle pour la survie d'un régime sanguinaire.

Chers politiciens, chers instruits et intellectuels du Rwanda et de l'extérieur, sortez de vos discussions virtuelles sur Internet, faites entendre la voix des victimes avant qu'il ne soit trop tard !

Balinga Pierre

Tandis que la faim fait rage aux pays des milles collines, le président Paul Kagame s'accorde un salaire mensuel de plus de 15.863,04 € (inclus sont les frais d'intendance seulement, les autres avantages ne sont pas dans cette somme colossale).

(Les fonctionnaires de l'Etat avec le même bagage intellectuel de Kagame "Senior Four" de 4 ans post-primaires doivent se contenter du salaire mensuel de 30,55€: Enseignants D4, D5 des écoles primaires, qui, au moins, ont plus de rendement que ce fameux président).

Il n'oublie pas son cousin maternel, le Premier ministre Bernard Makuza qui se retrouve avec un salaire mensuel colossal (avec frais d'intendance) de plus de 8.737,43€ + autres avantages.

Cette irresponsabilité des autorités vis-à-vis du peuple rwandais où la grande majorité de la population vit de moins de 1US \$ est à combattre avec toute l'énergie!
